MISSION ANTIDOTE

Chapter 1: Countdown

Aaj wo din tha.

Lab mein sab jama the — Bhuvan, Mikhail, Gauri, aur Kenji bhi, jo khaas USA se wapas aaye the, sirf ye dekhne ke liye ki process mein koi dikkat na ho.

Chamber ke saamne sab khade the, saans roke hue.

"Countdown shuru," ek technician ki awaaz aayi.

"5... 4... 3... 2... 1..."

Gate khula.

Thandi bhaap bahar nikli, aur uske beech mein se — Om.

Pehle do minute wo bas wahin khada raha, aankhein khuli par dhundhli, jaise abhi bhi kahin aur ho. Uske chehre par koi expression nahi tha — khaali sa lag raha tha, jaise dimaag ne abhi tak sab kuch process nahi kiya ho.

Phir dheere dheere — hosh laut aaya.

Uski nazar sabse pehle Gauri par gayi.

Aur bina kuch kahe, Om ne aage badhkar use gale laga liya. Kaskar. Jaise pichle do mahine ka poora bojh, poora darr, ek pal mein bahar nikal raha ho.

Gauri ki aankhein bhar aayi — usne bhi use utni hi kaskar pakda.

Thodi der baad, Kenji aage aaye. "Om, hume tumhe thoda diagnose karna padega. Bas ek formality — sab theek hai ye confirm karne ke liye."

Om ne haan mein sar hilaya.

Diagnosis hua — poora, careful, ek ek reading check ki gayi.

Sab normal tha.

Jab Om nikla, uske chehre par pehli muskaan aayi. "Issi baat pe party honi chahiye."

Sab hans pade. Thakaan bhi thi, par ek gehri rahat bhi.

Baat maan li gayi.

Raat ko ek badi party hui.

Saare bade log aaye — IKS ke top logon se lekar Om aur Gauri ke kareebi doston tak. Poori jagah roshni se jagmagayi thi, music baj raha tha, aur sabko pata chal chuka tha — Om wapas aa gaya hai.

Aur wo din khaas isliye bhi tha — kyunki aaj Bhuvan aur Mikhail ki anniversary bhi thi.

Cake kaata gaya. Sab taaliyaan bajate hue "Happy Anniversary" chillaye.

Bhuvan ne apni jacket ki pocket se ek chhota sa box nikala. Usne khola — andar ek locket tha, saada par khoobsurat.

Usne Mikhail ke gale mein pehnaya. Mikhail ki aankhein chamak uthi. Kisi ne kuch nahi kaha — bas dekhte rahe, muskurate hue.

Raat dheere dheere aage badhi. Party khatam hone lagi. Guests apne apne ghar jaane lage, hasi khushi ke saath, ek ke baad ek gaadi nikalti gayi.

Jab sirf ghar wale reh gaye — Om, Gauri, Bhuvan, Mikhail, Kenji, — sab apne apne room ki taraf badhe.

Tabhi Bhuvan ne sabko roka.

"Ruko," usne kaha.

Sab palat gaye. "Kya hua?" Kenji ne poochha.

Bhuvan ka chehra ab gambhir ho gaya tha, party wali khushi kahin gayab ho chuki thi.

"Mujhe aap sabse bahut important baat karni hai," usne kaha.

Phir usne upar dekha. "SAHAY, explain kar."

Ek hologram beech kamre mein khula.

SAHAY ki awaaz aayi.

"Jaise movies mein dikhaya jaata hai," SAHAY ne shuru kiya, "ki timeline mein jaake agar kuch change kiya jaaye, toh ek nayi timeline ban jaati hai — wo bilkul galat hai."

"Asal mein, koi bhi decision jo hum aaj ke samay lete hain, uska ek parallel universe pehle se chalta hai. Ek example lete hain — is universe mein Ishaan ne mujhe banaya, aur isliye Indovarians se hum bach gaye. Par iske parallel universe mein Ishaan mujhe nahi bana paaya hoga — aur isliye Indovarians ne wo Earth destroy kar diya."

"Par Om ne jaakar ye change kar diya."

Sab chup sunte rahe.

"Iske wajah se wo parallel universe ab intersect hone ki taraf badh raha hai. Aur ye sirf uss universe mein nahi — asal mein isne har universe mein kuch aisa change kiya, jisse bahut chaos ho raha hai. Humein theek karna hoga, jald se jald."

Om aage aaya. "Mujhe bata — har universe mein kya galti hui, aur usse kaise theek karein."

SAHAY ne hologram par ek naksha khola — alag alag universes ki reflection, glowing lines, ek dusre ke kareeb aate hue.

"Universe 1," SAHAY ne kaha. "Ussmein tumne alien invasion rok diya. Wahan jaakar tumhe poori Earth destroy karna padega."

Om ka chehra sakht ho gaya, par kuch bola nahi.

"Universe 2 mein — jiss din tum pahunche, uss din Tidnap kisi seminar mein jaane wala tha, aur wo building destroy ho gayi thi. Toh tumhe Tidnap ko maarna padega."

"Universe 3 mein — tumhe chote Ishaan se wo bracelet leke usse phir se pagal banana padega."

Gauri ne ek gehri saans li, aankhein Om par tiki.

"Aur Universe 5 mein," SAHAY ne kaha, "tumhe uss demon universe ko theek karna hoga. Kyunki uss din, Om, Waqt-Bandh se ek aisa device banane wala tha jo SAJ-26 ko cure kar sake.."

SAHAY ek pal ruka.

"Isse final outcome same ho jaayega Saare universe apne original form mein toh nahi aayenge — par intersection se bach jaayenge."

Kamre mein khamoshi chha gayi. Sabki nazrein Om par thi — jo abhi kuch ghante pehle hi deep freeze se bahar aaya tha, aur ab uske saamne char universes khade the, har ek mein ek asambhav faisla.

Chapter 2: Mission Antidote

Agle hi din sab kaam mein lag gaye.

Om beech mein aaya, sabko ek jagah bulaya, aur poora plan bataya.

"Hum log paanch Waqt-Bandh banayenge," usne kaha, "usi Waqt-Bandh ke reference ke saath jiske madad se main idhar aaya tha."

"Hum char teams mein bataenge. Team 1 — main. Team 2 — Gauri. Team 3 — Kenji. Team 4 — Bhuvan aur Mikhail."

Usne aage explain kiya. "Main Universe 3 mein jaaunga, wo bracelet wapas lene. Kenji jaayenge Universe 1 mein, Earth destroy karne — isliye hum unke saath ek suit aur Earth Destroyer bhejenge. Gauri jaayegi Universe 2, Tidnap ko maarne. Aur Bhuvan-Mikhail jaayenge Universe 4, Om ko wapas waqt bandh lautane."

Sab ne haan mein sar hilaya, gambhirta ke saath.

Within 2-3 dinon mein, paanchon Waqt-Bandh taiyar ho gaye.

Ab time tha mission par jaane ka.

Sab ek circle mein khade the, tayyar, Waqt-Bandh apni apni kalai par baandhe hue.

Tabhi Mikhail ne kaha, "Yaar, hum itne formal kyun hain?"

Om ne confuse hoke poochha, "Matlab?"

"Matlab," Mikhail ne kaha, "maine movies mein dekha hai — kuch naam rakhe jaate hain aise missions ke. Hum kyun nahi rakhte?"

Om thoda socha, kuch keh nahi paaya turant.

Tabhi Avika daudti hui aayi. "Mummy, aap log kahan ja rahe ho?"

Mikhail jhukte hue bola, "Kahin nahi, beta. Bas universe ko cure karne ja rahe hain."

Tabhi Om ke chehre par muskaan aayi. "Mil gaya naam. Mission Cure — yehi rahega iska naam."

Mikhail ne muh banaya. "Ye kitna bakwaas naam hai. Mission Antidote sahi rahega."

Om ne kandhe uchkaye. "Mereko kya hai — naam se jo rakhna hai rakho."

Avika ne dono haath uthake bola, "Dhyaan rakhna, sab log!"

Sab muskuraye. Circle banaya gaya, Waqt-Bandh on kiye gaye.

Countdown shuru hua.

Bhuvan ne halke se kaha, "Avengers Endgame ki yaad aa gayi."

Kisi ne hansne ki koshish ki, par tension bhaari thi.

"3... 2... 1..."

Sab teleport ho gaye.

Kenji seedha Ishaan aur Avika ke ghar mein teleport hue.

Ishaan aur Avika unhe dekhkar thode hairaan hue — par ye pehli baar nahi tha ki koi unke ghar mein achanak teleport hua ho.

"Tum Om ke dost ho?" Ishaan ne poochha.

"Haan," Kenji ne kaha.

Kenji kuch aur bolta, isse pehle Ishaan ne kaha, "Sorry — tumhara dost aliens se ladte ladte shaheed ho gaya."

Kenji ke andar ek pal ke liye kuch hila. Par usne khud ko sambhala.

Agar main abhi bata doon ki main Earth destroy karne aaya hoon, toh Ishaan mujhe rok dega. Isse darr tha usse.

Isliye usne dukhi hone ki acting ki. "Kya main thodi der yahan ruk sakta hoon?" usne poochha, awaaz mein bhaari sa dard laate hue.

Ishaan maan gaya.

Avika andar chali gayi, coffee banane. Ishaan bola, "Main aata hoon, do minute. Mujhe kuch kaam hai. Aap baithiye."

Ishaan jaise hi kamre se bahar gaya, Kenji ko yahi sahi mauka laga.

Usne suit pehna, device nikala.

Bas button dabane hi wala tha ki — Ishaan achanak wapas aa gaya.

Darr ke maare device Kenji ke haath se chhoot gaya.

Ishaan ne neeche padi device ko dekha. Uska chehra badla — samajhdaari ki chamak aayi.

"Ye Destroyer Earth ko tabaah kar sakta hai," Ishaan ne kaha, seedha. "Par isme wo fuel nahi hai jisse ye Earth ke core ko kaat sake."

Usne ek chhota sa dabba dikhaya. "Mere paas aliens ke ship ke gire hue tukdon mein se kuch hai. Wahi laane gaya tha."

Kenji ne uski taraf dekha, hairaan.

Ishaan ne bola "Mujhe pata hai — waqt mein kuch bhi change karna sambhav nahi hota. Humara khatam hona destiny mein hai. Aur destiny koi change nahi kar sakta."

Tabhi Avika coffee leke aa gayi.

Ishaan uske paas jaakar khada ho gaya, ek haath uske kandhe par rakha.

Ishaan ne Kenji ki taraf dekha, awaaz shaant thi, par bhaari.

"Jitna intezaar karoge," usne kaha, "utna dard hoga."

Kenji ne ek gehri saans li. Helmet apne sar par pehna.

Button dabaya.

Poori Earth — ek roshni ke flash mein — blast.

Chapter 3: The Darker Future

Gauri teleport hui.

Aankhein khulte hi uske saamne ek poori nayi duniya thi — bade bade glass buildings, hawa mein tairte hue vehicles, roshni har jagah, itni tez technology ki Gauri ka dimaag ek pal ke liye kuch samajh hi nahi paaya.

Wo sadak ke beech mein khadi thi.

Tabhi ek truck seedha uski taraf aata dikha — tez, bahut kareeb.

Gauri ghabra gayi, pair jam gaye.

Aur tabhi kisi ne uska haath pakda aur zor se apni taraf kheencha.

Truck seedha nikal gaya, jahan wo khadi thi.

Gauri ne aankhein kholi. Saamne ek ladki khadi thi — chinta bhare chehre ke saath.

"Tum kaun ho?" Gauri ne poochha.

"Mujhe bhool gayi?" ladki ne kaha, halki muskaan ke saath. "Main Jaayu. Jaayu Malviya. Teri bachpan ki dost."

Gauri ne bas dekhte rehna hi thik samjha.

"Aur tu jail se bahar kab aayi?" Jaayu ne poochha.

Gauri kuch keh nahi paayi. Tabhi usse yaad aaya — main apne universe mein nahi hoon. Sab badal gaya hai yahan.

"Jaayu," Gauri ne dheere se kaha, "main tumhe sab batati hoon — par pehle mujhe kisi safe jagah le jao. Abhi."

Jaayu ne ek pal Gauri ki taraf dekha — kuch samajh nahi aaya, par kuch tha uski aankhon mein jo genuine lag raha tha. Usne haan mein sar hilaya, aur dono gaadi mein baith gaye.

Raaste mein Jaayu ne baat shuru ki.

"Yaar, tune toh school ke baad yaad bhi nahi kiya," usne kaha, halki shikayat ke saath. "Aur tereko yaad hai humari class ka Om? Hum dono ki shaadi ho gayi h. Main toh card dene bhi aayi thi — par woh mahal mein koi aane hi nahi deta. Toh bahar se hi nikal diya."

Gauri chup sunti rahi, dimaag mein sab jod ne ki koshish karte hue.

"Aur jab se tune school chhoda, tabse tera number hi nhi tha," Jaayu ne kaha, "par tu toh Tidnap ki khaas thi na? Toh usne tujhe jail mein kyun daala?"

Gauri ne ek gehri saans li.

"Jaayu," usne kaha, "main tumhe poora sach bataati hoon."

Usne bataya ki wo iss universe ki nahi hai — kisi aur duniya se aayi hai. Aur shayad, iss universe ki asli Gauri abhi bhi jail mein hai.

Jaayu ke chehre par hairaan hone ke bawajood ek ajeeb sa yakeen tha — jaise wo bina zyada sawaal kiye maan gayi ho.

Tabhi Gauri ki nazar khidki se bahar gayi — ek religious place dikha, bahut bada, dhundhla sa roshan.

Wahan sab kuch bahut smooth chal raha tha. Koi dhakkamukki nahi, koi bheed nahi jhagadti hui.

"Future kitna achha hai," Gauri ne dheere se kaha, ek pal ke liye impressed hoke.

"Khaak achha hai," Jaayu ne kaha, awaaz mein karvaahat thi. "Ye jo upar dikh raha hai na — ye ameeron ki line hai. Gareebon ke liye toh underground tunnel hai. Wo bhi itna ganda ki wahan pair rakhne ki jagah nahi hoti."

"Phir bhi log jaate hain,Kehte hain — paap dhulega. Par khud jo itne gande ho chuke hain, unhe kaun dhoyega?"

"Aur wahan koi accident bhi hota hai,toh kehte hain — mukti mil gayi."

Gauri ka chehra sakht ho gaya. "Toh in logo ko inn sab cheezon ki samajh nahi hoti?"

"Hoti bhi toh,uss kitaab ne hata di."

"Konsi kitaab?" Gauri ne poochha.

"Arre — yahan ke log Ishaan ki likhi kitaab ko apni ideology banaye baithe hain. Yehi hai wo kitaab."

Jaayu ne apne bag se ek purani, mudi hui kitaab nikaali aur Gauri ko di.

Gauri ne kitaab kholi, page palte, padhti gayi.

"Par isme toh kuch aisa nahi likha," usne kaha, confuse hoke.

"Ye dekh," Jaayu ne kaha, ungli se ek line dikhate hue. "Likha hai na — 'Kuch bhi karke meri puja karo.'"

"Aisa kuch nahi hai," Gauri ne kaha, sar hilate hue. "Iska matlab hai — kuch bhi karke apne sapne poore karo, irrespective ki kitne bhi challenges aaye. Aur 'puja karo' — us murti ki matlab Ishaan murti mei hai — bahut si aisi cheezein hain jo misunderstood hain."

Chapter 4: Fight For Truth

Jaayu Gauri ko lekar safe house pahunchi. Ek chhota sa, chhupa hua jagah, jahan bahar se kuch nazar nahi aata tha — par andar jaate hi Gauri ki aankhein khuli reh gayi.

Deewaron ke saath racks lage the — hi-tech weapons, chamakte hue, kai to Gauri ke apne universe se bhi zyada advanced dikh rahe the.

"Ye sab kya hai?" Gauri ne poochha.

"Humein zinda rehne ke liye ye sab karna padta hai," Jaayu ne kaha, awaaz mein koi sharm nahi thi, bas ek thaki hui sachai.

"Ye sab matlab?" Gauri ne dobara poochha.

"Matlab — hum weapons ki deals karte hain."

"Par kyun?" Gauri ki awaaz mein confusion tha.

Jaayu ek pal ke liye rukhi, phir bola, "Kyunki saare ameer logon ne apna business chala rakha hai. Aur hum jaise logon ki naukri — SAHAY kha gaya. Jo shi samay par AI use karna seekh

liya, wo aaj upar hai. Aur hum, jinhone itni mehnat ki degree ke liye — yahan skills aage aa gayi."

Gauri chup sun rahi thi.

"Toh kya mujhe ek weapon milega?"

"Kis kaam ke liye?" Jaayu ne poochha.

"Tidnap ko maarne ke liye."

Tabhi peeche se ek awaaz aayi.

"Usse maarna itna aasaan hai?"

Gauri palat kar dekhti hai.

Jaayu ne haath dikhaya. "Yehi hai — Om. Maine bataya tha na — humari shaadi hui hai."

"Tumne bataya tha," Gauri ne dheere se kaha, uski nazar Om par tiki rahi — wahi chehra, par bilkul alag insaan.

Om continue karta hai. "Uske aas paas bahut se guards hain. Itni mushkil se plan banaya tha usse maarne ka — ek building jismein wo jaane wala tha, wo uda di thi. Par wo uss din wahan aaya hi nahi."

"Chinta mat karo," Gauri ne kaha, ek nayi shiddat ke saath. "Ab hum teeno ka ek hi maqsad hai — Tidnap ki maut. Aur bilkul ussi tareeke se, jaise tumne socha tha."

Cut to — RIDNAM, Tidnap ka headquarters.

Tidnap har din ki tarah Gauri ko dekhne aaya tha — cage ke bahar khada, chehre par wo hi ghinauni muskaan.

"Dekha," usne kaha, "mereko dhokha dene ka natija — aur karo uss rakshas ki madad."

Gauri kuch kehne wali thi — tabhi ek guard daudta hua aaya, haath mein ek device.

Usne Tidnap ko ek video dikhayi.

Screen par Gauri thi — live, baahar, muskurate hue. "Kya hua Tidnap? Puri duniya ke saamne toh kehte ho ki tumhare jail se koi bhaag nahi sakta. Main toh bhaag gayi.. Main hoon — Sector Alpha, Omega apartment mein." dumm hai toh pakad ke dikhaao

Tidnap ka chehra sakht ho gaya. "Aise chote logon ke liye main nahi jaata. Tum log dekh ke aao kya hua hai."

Guards nikal gaye, seedha uss apartment ki taraf.

Wahan pahunchte hi unhone puri jagah chaan maari pr unhe kuch nahi mila — khaali kamra, koi Gauri nahi.

Wo wapas pohche Tidnap ne apne throne par baithe hue sawaal poocha — "Kya mila?"

Ek guard kuch bolne wala tha

Tabhi — uska ka suit blast ho gaya.

Dheere dheere, ek ke baad ek, saare guards, poori building blast hone lagi.

Tidnap khud ko bachaate hue ek concrete deewar ke neeche dubak gaya.

Aur tabhi — SAHAY ki awaaz goonji.

"Tumhare guards ko bas ek baar meri energy field cross karni thi. Aur phir saara control mera — aage ka control tumhare haath mein, Om."

Dhundh ke beech se Om nikla, seedha, aankhon mein aag.

Usne Tidnap ke baal kaskar pakde, uska sar upar khainchte hue kaha, "Tune mere idol ke gyaan ka mazaak bana ke rakh diya hai."

"Uss kitaab ki ek line, jo tune sabko samjhayi — 'jo iss duniya se nahi wo shaitaan.' Par uska matlab jaana chahega

“ jo insaan ke roop mein shaitaan hai. Jaise ki tu."

"Tujhe iss duniya mein rehne ka haq nahi."

Aur phir usne gun uski taraf tan di.

Ek goli.

Aur Tidnap khatam

Chapter 5: The Cost to Multiverse

Bhuvan aur Mikhail teleport hue.

Charon taraf andhera — wahi demon universe, wahi ghutan bhari khamoshi. Ek pal ke liye dono ko kuch dikha nahi.

Phir aankhein adjust hui.

Saamne — Om apni lab ke logon ke saath demons se lad raha tha, haath mein makeshift weapons, chehra thaka hua, khoon se sana.

Ek demon Om ke peeche se attack karne wala tha, uske nazar bhi nahi thi uski taraf.

Bhuvan ne bina soche apni pocket gun nikaali aur fire kiya. Demon zameen par gira.

Om ne palat kar dekha — do pal ke liye confuse, samajh nahi paya kaun hai. Phir dheere se realize hua.

Dusre universe se aaye hain ye.

Om unke paas bhaaga, seedha ek badi si rock ke peeche khainch le gaya, taaki demons ki nazron se bach sakein.

"Hum dusre universe se ho," Bhuvan ne kaha, saans phooli hui.

"Pata hai," Om ne kaha, "aur main hairaan nahi hoon. Ye teesri baar hai ki koi dusre universe se aaya hai."

"Tumhari lab kahan hai?" Bhuvan ne poochha.

Om ne ek gehri saans li. "SAJ-26 virus ab aur tez ho chuka hai. Demons bhi bahut zyada powerful ho gaye hain — jo bade wale dekh rahe ho na, unse ladne ke liye humare paas weapons bhi nahi hain."

"Isliye maine finally, kisi tarah, bahut mushkil se resources jama karke iska cure dhundha tha. Par woh resources se maine kuch aur bana diya — jo multiverse ke liye zaroori tha. Aur woh maine apne hi doosre version ko de diya."

Bhuvan ne apni Waqt-Bandh nikaali. "Kya ye hai woh?"

Om ka chehra khushi se chamak uthta hai. "Haan — yehi hai."

Tabhi ek demon uss rock ko tod-ta hua unpe attack karta hai. Teeno bhaagne lagte hain.

Isi bhagdad mein — extra Waqt-Bandh zameen par gir jaata hai. Ek demon uspar apna pair chadha deta hai.

Waqt-Bandh toot jaata hai.

Teeno ruk jaate hain ek pal ke liye, kuch samajh nahi aata. Demon aur kareeb aa raha hai. Wo bas bhaagte hain.

Karib das minute baad, wo peeche mudke dekhte hain — koi nahi hai udhar.

Rahat ki saans lete hain.

Par Om achanak rone lagta hai.

Kyunki ab uske paas jo ek rasta tha cure ka — wo bhi kho diya.

Bhuvan dheere se poochta hai, "Uss device mein aisa tha kya?"

Om ne aankhein poonchte hue kaha, "Navmani karke ek bahut powerful mani hai. multiverse ke beech mein — wahan jaane ka tarika dhundh nhi paaya, isliye uski ek replica banane ki try ki. Uski studies karke."

Bhuvan ka chehra achanak badla. "Agar replica ki jagah wo khud mil jaaye toh?"

Om ne confuse hoke poochha, "Kaise?"

"Lambi kahani hai," Bhuvan ne kaha. "Bas ye samajh — Mahoshasur naam ke rakshas ke paas thi ye Navmani. Aur jab wo maara, toh maine wo rakh li."

Mikhail ne poochha, "Kahan?"

Bhuvan ne uske gala touch karte hue kaha, "Jo locket pehna hai, ussi mein."

Sabke chehre par khushi aa gayi.

Tabhi — zameen se ek haath nikalta hai. Ek jhatke mein, Mikhail ko uthaa leta hai.

Om aur Bhuvan firing shuru karte hain — par kuch nahi hota, bullets demon ki skin se takra kar bikhar jaati hain.

Demon Mikhail ko khaane hi wala hota hai —

Mikhail apna locket nikalti hai aur usse fenk deti h

Demon Mikhail ko kha leta hai.

Om ek pal ke liye jaam ho jaata hai — phir daudta hai, uss locket ke paas jaata hai, locket se Navmani nikaalta hai, apni machine mein daalta hai.

Ek roshni chamakti hai — tez, yellow, poori jagah roshan karti hui.

Cut to —

Om teleport hota hai — seedha uss universe mein jismein uska bracelet tha.

Wo seedha Ishaan ke ghar jaata hai.

Wahan Ishaan hasi khel mein tha — Bhuvan ke saath, dono chai peete hue, halki baatein karte hue.

Bhuvan Om ko dekhte hi seedha uthta hai, "Thank you!" kehta hai, awaaz mein bahut zyada rahat.

"Aapke iss bracelet ne Ishaan ko theek kar diya," usne kaha.

Om ne dheere se kaha, "Main wahi lene aaya hoon."

Aur phir Om poori kahani bataata hai aur ab bracelet ki zaroorat kyun hai kisi aur jagah.

Ye sunte hi Ishaan uthta hai, uske chehre par gussa aur dukh dono mix ho jaate hain.

"Har baar Ishaan hi kyun sacrifice kare?" usne kaha, awaaz mein pehli baar kadwahat thi. "Agar ye universe mujhe pagal banana chahta hai, toh main ye universe hi nahi rehne dunga."

Aur uske bracelet se ek tez roshni nikalti hai —

Aur Ishaan — gayab ho jaata hai
