DESTINY

Chapter 1: Sacrifice

Tez roshni dheere dheere dheemi hone lagi.

Om ke device mein ab Navmani thi — chamakti hui, poori tarah settle ho chuki thi. Usne charon taraf dekha.

Poori universe cure ho chuka tha.

Demons gayab, aasman saaf, hawa mein wo bhashak sannata nahi tha — bas ek shaant si duniya thi, dheere dheere apni jagah wapas aati hui.

Om ki khushi ka thikana nahi raha. Uske chehre par ek muskaan aayi jo bahut dinon baad aayi thi.

Par jab uski nazar Bhuvan ki taraf gayi —

Bhuvan ekdum sunn khada tha. Zinda lash ki tarah. Aankhein khuli, par unmein kuch nahi tha.

Aur tabhi Om ko realise hua.

Main apni duniya reset karke khush hoon — par Bhuvan ne apni duniya khoi hai.

Uss universe ke log — jo Om ki lab mein saath lad rahe the — aake use ghero mein le liya, celebrate karne lage, taaliyaan, khushi ke naare.

Par ab Om ke andar bhi wo dard tha.

"Shaant ho jao," Om ne sabse kaha, awaaz mein ek bhaari sa tone.

Sab chup ho gaye.

Om Bhuvan ke paas gaya. Dheere se, saamne khada hua.

"Jo hua," Om ne kaha, "main uske liye sorry hoon."

Bhuvan ne ek pal Om ki taraf dekha. Uski aankhon mein aansu nahi the — kuch aur tha, kuch jo aansu se bhi bhaari tha.

"Tujhe sorry bolne ki zaroorat nahi hai," usne kaha, awaaz flat, par sthir. "Jo hona tha wo hua. Destiny tere control mein nahi hai."

Aur itna kehke usne apni Waqt-Bandh ka button dabaya.

Seedha teleport hua.

Ussi lab mein wapas — jahan Kenji, Gauri, aur Om bhi usi time teleport hue, apne apne missions se lautkar.

Sab ek jagah jama ho gaye, thake hue,

Gauri ne charon taraf dekha, phir Bhuvan ki taraf. "Mikhail kahan hai?"

Bhuvan ne kuch nahi kaha.

Uska shaant rehna hi bahut kuch bol raha tha.

Do minute ki khamoshi ke baad, Bhuvan ne dheere se sabko bataya.

Kya hua h usne kaha, "uski kurban multiverse ke liye thi. Ab multiverse pe koi khatra nahi."

Om ne ek pal liya, phir kaha, "Ek khatra hai."

Bhuvan ne uski taraf dekha, confuse. "Konsa khatra?"

Om ne phir sabko poori baat bataayi — Ishaan, uska gussa, "har baar Ishaan hi kyun sacrifice kare," aur phir wo roshni jismein Ishaan gayab ho gaya.

Bhuvan ko kuch samajh hi nahi aa raha tha. Uske dimaag mein abhi bhi Mikhail thi, aur ab ye naya bojh.

Tabhi peeche ek portal khula.

Uske andar se — demon universe ka Om, aur demon universe ka Ishaan (jo ab theek ho chuka tha), ek pod type cheez mein kuch lekar aaye.

Bhuvan aage badha dekhne — kya laaye hain.

Par jaise hi usne dekha —

Uska chehra badal gaya. Wo turant peeche mud gaya, aankhein band karte hue.

"Main ye nahi dekh paaunga," awaaz kaanp rahi thi.

phir Kenji khud aage gaye. Dekha.

Pod ke andar — Mikhail ki body thi.

Kenji ke dimaag mein achanak flashbacks aane lage — Mikhail jab ek young junior professor ban ke join hui thi, uski pehli meeting, uski hasi, saalon ka saath, wahan se yahan tak ka poora safar.

Om ne ek clergy ko call kiya, burial process ke liye.

Funeral shuru hua.

Uss waqt bahut tez barish hone lagi — jaise aasman bhi khaali ho gaya ho.

Gauri ki aankhon mein tabhi ek yaad tairi — kaise wo dono, Gauri aur Mikhail, kabhi bilkul sagi behno ki tarah barish mein nahaati thi, hansti thi, bhaagti thi.

Sabki aankhon mein aansu the.

Demon universe wale Om ne Bhuvan ko wo locket diya — par ussmein wo gem wala area khaali tha.

Bhuvan ne locket haath mein liya, ek pal dekha, kuch bola nahi.

Tabhi sab log Bhuvan ke paas aa gaye — kareeb khade, khamoshi mein saath dete hue.

"Main ja raha hoon," Bhuvan ne kaha.

"Kahan?" Om ne poochha.

"Ishaan ko laane," Bhuvan ne kaha, awaaz mein ek thakaan bhari zid thi. "Ab aur nahi hota uske bina."

Kenji ne dheere se poochha, "Tumhe pata hai wo kahan hai?"

"Nahi," Bhuvan ne kaha. "Par main usse universe ke kisi bhi kone se dhundh ke laaunga."

Chapter 2: OMNIGUARD

Om lab mein jaake baitha tha. Uske dimaag mein sab kuch ek saath ghoom raha tha — Mikhail ki maut, Bhuvan ka nikal jaana, Ishaan ka gayab hona. Kuch samajh nahi aa raha tha, kahan se shuru kare.

Tabhi peeche se Gauri daudti hui aayi.

"Kenji ko heart attack aaya hai," usne kaha, awaaz mein ghabraahat. "Jaldi aa, Om!"

Om bina kuch soche daudta hai.

Om ke ghar mein hi ek chhota sa hospital tha — IKS ki technology se lais. Wahin Kenji ka ilaaj chal raha tha, doctors ghero mein khade the.

Om ne doctor se poochha, "Kya condition hai?"

Doctor ne sar jhukate hue kaha, "Inke paas bahut kam time hai."

Om ka gala sookh gaya.

Kenji ne ekdum kamzor awaaz mein Om ko bulaya. Om jhuka, uske kareeb.

"Main apni aankhon se dekhna chahta hoon," Kenji ne dheere se kaha, har lafz mushkil se nikal raha tha, "ki duniya wapas normal ho jaaye — mere marne se pehle."

Om ki aankhein bhar aayi. "Zaroor hogi," usne kaha, awaaz mein poora yakeen bharte hue. "Sab theek hoga."

Itna kehke Om lab ki taraf gaya, aankhein poonchte hue. Usne baaki sabko bhi bulaya.

Gauri, demon universe wale Om, aur baaki log jama ho gaye.

"Hum itna darr kyun rahe hain?" Gauri ne poochha. "Abhi kuch hua nahi hai."

Om ne ek gehri saans li. "Iske do reason hain. Pehla — wo Ishaan ka variant hai. Isliye bahut khatarnak ho sakta hai. Aur dusra — uske paas Ishaan ka provide kiya hua wo powerful bracelet bhi hai. Isliye humein bahut khatra hai."

Tabhi SAHAY ki awaaz aayi.

"Khatra dikh gaya,"

"Kya?" Om ne poochha.

"Tumne sahi socha tha," SAHAY ne kaha. "Khatra sabse zyada hai. Aaj se pehle jitni baar multiverse pe khatre aaye, wo intersection ka problem tha. Par Ishaan ne toh timelines mitaana shuru kar diya hai."

Sabke chehre pe darr chha gaya.

"Toh usse toh sabse pehle humare universe ko mitaana chahiye tha," Om ne kaha.

"Haan," SAHAY ne kaha. "Aur usne apna universe mitaane ke baad yehi humare universe ko mitaane ki try ki thi. Par pata nahi — koi unknown energy usse rok rahi hai."

Om ne ek pal socha. "Toh jitne universe bache hain, unse achhe aur powerful logon ko apne universe mein laana padega."

Usne demon universe wale Om ki taraf dekha. "Tumhare paas jo Navmani hai — wo universe teleportation mein help karegi."

Dono ne milkar ek device banaya — Navmani ko usmein fit kiya, aur ek ke baad ek multiple portals khole.

Alag alag universes se — powerful, kabil log — inn portals se guzarte hue Om ki duniya mein aane lage. Chehre alag, kapde alag, par sabki aankhon mein ek hi baat — kuch bada ho raha hai.

Jab sab jama ho gaye, Om aage aaya.

"Main tumhe batata hoon," usne kaha, awaaz poore kamre mein goonjti, "aakhir humare multiverse mein kya ho raha hai."

Usne poori kahani bataayi — Ishaan, wo variant, uska gussa, timelines ka mitna.

"Humein team banana padega," Om ne kaha, "jisse hum uss villian Ishaan se lad sakein."

Woh ek pal ruka, phir halka sa muskuraya. "Aise toh mujhe naam rakhna utna pasand nahi hai — par kisi ne kaha tha ki aise cheezon ka naam rakhna chahiye."

"Toh humari team ka naam — OMNIGUARD."

Tabhi peeche gate khula.

Bhuvan andar aaya — kandhe jhuke hue, chehre pe disappointment.

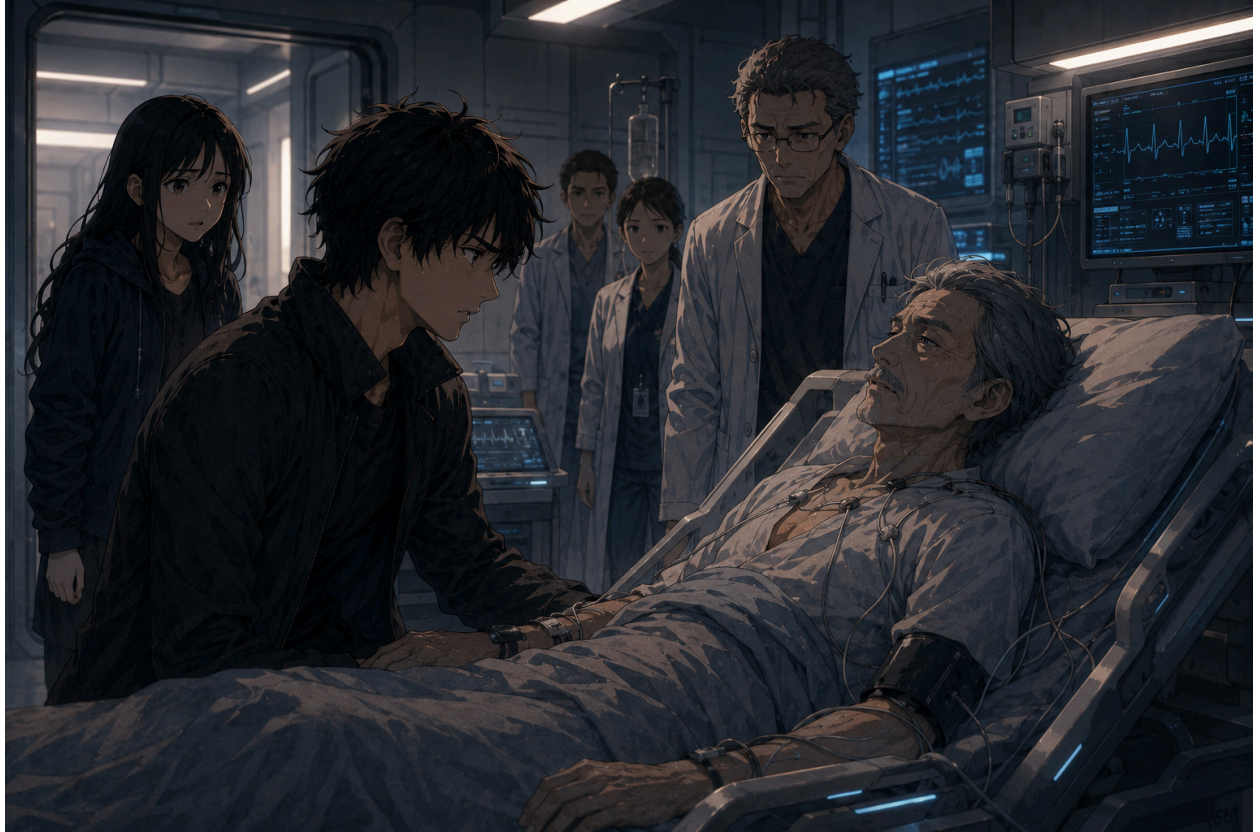

"Ishaan nahi mila," usne kaha, awaaz bhaari.

Om uske paas gaya, dheere se kandhe pe haath rakha.

"Unhone kaha tha,ki unko dhundhne ke liye koi na aaye. Aur wo apne hisse ki ladaai lad chuke hain."

Usne ek gehri saans li, phir Bhuvan ki aankhon mein dekhte hue kaha:

"Ab humari turn hai."

Chapter 3: Mission Revenge

Om ne sabko main lab mein bulaya, poori OMNIGUARD team jama thi — alag alag universes ke chehre, sab tayyar.

Om start karne hi wala tha ki peeche se Tanish andar aaya, uski godi mein Avika baithi thi.

Jab sab Mission Antidote pe gaye the, tab Avika ka dhyan rakhne ke liye Gauri ne Tanish ko bola tha use apne ghar le jaane ko.

Avika, wapas aate hi, apni mummy ko dhundne lagi thi. Bahut dhundne ke baad — jab wo kahin nahi mili — wo seedha Om ke paas gayi.

"Mummy ka mission complete nahi hua kya?" usne poochha, masoom si aankhon se.

Om kuch bol nahi paaya. Uske gale mein kuch atak gaya.

Bhuvan aage badha, dheere se Avika ko uthaya aur apni godi mein baithaya.

"Tumhari mummy ab aise mission mein gayi hai jahan se wo kabhi wapas nahi aayegi."

Avika ki aankhein bhar aayi. "Kyun?" usne poochha, phir rone lagi. "Mujhe jaana hai mummy ke paas."

Bhuvan ne use kaska pakda. "Tum unse mil sakti ho," usne kaha, "par wo tumhe koi jawab nahi degi. Aur tumhe dikhegi bhi nahi. Par tumhari saari baat sunegi."

Avika ne bola "mujhe milna h"

Bhuvan Avika ko gaadi mei baitha kr Mikhail ki grave par gaya.

Wahan Avika grave ke paas jaakar khadi hui.

"Mummy," usne kaha, aankhein bhari hui, "aap konse mission mein gayi ho? Papa keh rahe hain aap wapas nahi aaogi. Par mujhe pata hai — aap mere liye wapas aaogi. Please jaldi aa jao. Itne din ho gaye aapse mile hue. Bye."

Bhuvan wahin khada, apni saans roke, apni aankhon ka pani rokne hue dekhta raha.

Phir woh Avika ko wapas ghar le gya.

"Abhi tum Tanish uncle ke paas rahogi," usne kaha. "Mereko ek mission pe jaana hai."

"Papa, aap wapas toh aaoge na?" Avika ne poochha, uski awaaz mein darr tha.

"Haan," Bhuvan ne kaha, awaaz mein poora yakeen bharte hue, jitna wo khud pe rakh paaya.

Aur phir wo lab ki taraf gaya.

Om ne sabse pehle Bhuvan ko team se introduce karaya. "Ye hain humare Bhuvan bhaiya," usne kaha, "IITian, aur ISRO ke head bhi reh chuke hain."

Sab ne halke se sar hilaya, respect ke saath.

Phir Om ne पूरी team explain ki. "Humne 4 universes se kuch log laaye hain. Total 10 logon ki team hai. Teen toh hum — matlab main, Bhuvan aur Gauri. Future Earth se Jaayu, future Gauri, aur future Om. Demon universe se Om aur Ishaan. Nebula se Nebulian Commander. Aur Hero universe se — ek bahut special aadmi."

Usne ek ladke ki taraf ishaara kiya jo peeche khada tha.

"Iska naam bhi Tanish hai," Om ne kaha, "but with superpowers. Ye sound se 10X speed se udd sakta hai. Iske ek punch se kayi chote moons tut sakte hain. Isliye villain Ishaan se ladne mein bahut help karega isse iske universe ke log Godcode bulate hai."

Sab uski taraf hairaan hoke dekhne lage.

"Humara plan ye hai," Om ne aage kaha, awaaz mein gambhirta. "Hum OMNIGUARDS ko lekar uss universe mein jaayenge jisse wo mitaane wala hai. Phir usse ladke usko distract karenge. Aur samay milne par — demon universe ka Om, humne jo gun banayi hai, Astra Gun, jismein Navmani hai, usse uska bracelet tod denge."

"Isse bracelet se ki hui saari cheezein reverse ho jayengi. Aur uski saari powers bhi chali jayengi."

Ye plan bataake, Om ek pal ke liye ruka. Uski nazrein Bhuvan par gayi — jo abhi bhi apni cheekh dabaye khada tha, apni beti ka wo "bye" abhi tak kaanon mein goonj raha tha.

"Ye sirf multiverse ko bachaane ka mission nahi hai," Om ne kaha, awaaz mein wo shiddat thi jo pehle kabhi nahi thi.

"Ye humare apno ko badla lene ka mission hai."

"Its Mission — Revenge."

Chapter 4: Universe-2604

SAHAY ka message aaya — screen par ek naya alert flash hua.

"Uska agla target — Universe-2604."

Tanish ka chehra ek pal ke liye hairaan ho gaya. "Ye toh mera universe hai."

Kamre mein khamoshi chha gayi. Om ne uski taraf dekha, phir sabki taraf.

"Sab ready ho jao," Om ne kaha, awaaz seedhi, bina kaanpe.

Portals khole gaye — purple roshni ke daayre, hawa mein ghoomte hue.

"OMNIGUARDS," Om ne poore team ki taraf dekhte hue kaha, "are you ready?"

Sabne ek saath jawab diya — "Yes."

"Then let's go."

Sab portal mein kood gaye.

Doosri taraf pahunchte hi — aasman laal tha. Poora universe jal raha tha, jaise duniya khud apni ashes mein badal rahi ho.

Aur saamne — Ishaan.

Par ye Ishaan nahi tha jo Om jaanta tha. Iski aankhein red current se bhari hui thi, poora sharir ek dark energy se ghira hua — dekhkar hi darr lagta tha.

Uske charon taraf tabaahi thi — buildings, cheez, sab kuch reduce ho chuka tha malbe mein.

"Tum log aa gaye," Ishaan ne kaha, awaaz mein ek thandi ghinauni khushi. "Bade bahadur ho. Mujhe laga apne universe mein darr se chhupe rahoge."

Om ne apna haath uthaya. "Attack!"

Jaayu, Future Gauri, Future Om, aur demon universe wale Ishaan — sabne ek saath goliyan chalani shuru kar di.

Ishaan ne bas apna haath ghumaya.

Ek energy field nikli, itni tez ki charon ko door udakar gira diya.

"Thode takkar wale laao," Ishaan ne muskurate hue kaha.

Tabhi Godcode aur Nebulian Commander aage badhe.

Aur phir shuru hui — asli ladaai.

Godcode sound se dus guna speed se udta hua Ishaan ki taraf laata, ek punch maarta jismein zameen kaanp jaati. Nebulian Commander apne laser blades nikaalta, roshni ke teekhe waar karta ek ke baad ek.

Ishaan har waar ko haste hue jhelta — kabhi apni energy field se rok leta, kabhi bracelet se banaye hue shadow clones khada kar deta jo Om aur Bhuvan se bhi lad rahe the.

Bhuvan apni gun se fire karta, Gauri apne haath ke weapon se energy blasts chalati. Poora aasman roshniyon se bhar gaya — laal, purple, blue, sab ek doosre se takra rahe the.

Kay minute tak ladaai chalti rahi — koi bhi jeetne ki position mein nahi tha.

Aakhir mein, Ishaan tang aa gaya.

Usne apna size badhaya — dheere dheere, poore aasman jitna bada ho gaya. Godcode jo udd raha tha, usse ek haath se pakadke seedha zameen par patak diya. Nebulian Commander ko laser se door pheink diya, uska sharir malbe mein ja gira.

Isi mauke ko dekhkar — demon universe ka Om, jo peeche chhupa hua tha, ne Astra Gun uthayi.

Usne target lock kiya, seedha Ishaan ke bracelet par. Fire kiya.

Beam gayi, bracelet se takrayi —bracelet tut gya !

Par kuch nahi hua.

Villain Ishaan hasne laga — zor se, poore maidan mein goonjti hui hasi.

"Tumhe lagta hai ye bracelet meri power hai?" usne kaha, aankhein aur laal ho gayi. "Main tumhare jaisa kamzor aur bewkoof nahi hoon jo iska power istemal karna nahi jaanta hoon."

"Main amar hoon."

Kehte kehte wo aage badha, seedha Om ki taraf.

Par tabhi beech mein Gauri aa gayi, uske aur Om ke beech khadi hoke.

Villain Ishaan ne dekha, phir muskuraya — wo ghinauni muskaan.

"Tumhe kya lagta hai,main ek ko hi maarunga?"

Usne apna haath upar kiya.

Aur sab — Om, Gauri, Bhuvan, पूरी team — hawa mein udd gaye, jaise unke sharir par kisi invisible force ne pakad liya ho.

Uske chehre par muskaan aur gehri ho gayi, jaise final moment aa gaya ho.

Aur tabhi —

Achanak aasman purple hone laga. Poore maidan mein ek naya rang phailne laga, jaise kisi ne pardah khainch diya ho.

Peeche se ek awaaz aayi — bhaari, shaant, par itni powerful ki poore aasman mein goonj gayi.

"Unhe chhod de."

Villain Ishaan ne peeche mudkar dekha.

Aur wahan aasman mein khada tha —

OG. The God Ishaan.

Chapter 5: Destiny

Villain Ishaan uddta hua seedha space mein pahuncha, Ishaan ke paas, aur ek jhatke mein apna size uske barabar kar liya.

Dono ab aasman mein aamne-saamne khade the, stars ke beech, poore multiverse ki dhadkan jaise ruk gayi ho.

"Jab lagta hai final countdown aa gaya," Ishaan ne kaha, awaaz shaant thi, "tab kuch na kuch naya aa jaata hai. Iss baar final hona chahiye."

Villain Ishaan ne muskurate hue kaha, "Main bhi yahi chahta hoon."

"Yeh last turn hai," Ishaan ne kaha. "Sab theek kar de. Maaf kar dunga."

Villain Ishaan ki aankhon mein gussa bhad-ka. "Kyun? Kyun kiye tune itne sacrifice?"

"Chal tune kiye toh kiye," usne kaha, "zaroori hai saare Ishaan karein?"

Ishaan ne ek pal socha. "Agar Ishaan ne apna nature hi badal liya, toh Ishaan thodi rahega. Isiye toh saare Ishaan — Ishaan ke naam se jaane jaate hain. Aur tu — villain Ishaan ke naam se."

Villain Ishaan hasa, kadwahat bhari. "Matlab jo apne baare mein soche wo villain?"

"Apne baare mein sochna bura nahi," Ishaan ne kaha, "lekin apne liye kisi aur ko chot pahunchana bura hai."

"Toh main bura hi sahi," villain Ishaan ne kaha.

"Jaisi tumhari marzi."

Aur phir shuru hui — do sabse powerful insaano ki jung.

Ek waar itna tez ki hawa fatt gayi. Dono ek doosre par toot gaye, mukke, energy blasts, dhamake jo poori galaxy mein goonjte the. Kabhi Ishaan peeche hatta, kabhi villain Ishaan. Ek pal ek dusre ko planets se marte, dusre pal khud ko sambhalte, phir se udkar tootne wapas aate.

Ye fight kareeb ek mahina chalti rahi — na koi ruka, na koi haara. Har din poore universes mein iski gunj sunayi deti — asteroids todte hue, stars ki roshni ko cut karte hue, dono ek doosre ke barabar, ek doosre se zyada.

Aakhir mein — villain Ishaan ne ek final punch maara.

Itna zabardast ki Ishaan seedha, control kho kar, Earth pe jaake gira. Zameen mein ek gehra crater ban gaya, dhool aasman tak uthi.

Villain Ishaan neeche charge hota hai — poori speed se, seedha Ishaan ki taraf.

Ishaan zameen se uthta hai. Apne haath mein Navmani leta hai — chamakti hui, tayyar.

Aur villain Ishaan ki taraf badhta hai.

Ek pal ka takraav.

Aur phir — villain Ishaan evaporate ho jaata hai. Hawa mein bikhar jaata hai, jaise kabhi tha hi nahi.

Ishaan ek gehri saans leta hai. Phir Navmani ko apne haath mein liye, singularity sphere ke center mein rakhta hai.

Ek roshni ki lehar poore multiverse mein failti hai —

Aur saare universes reload hone lagte hain. Dheere dheere, apni original form mein wapas aate hue, jaise kisi ne poori kitaab wapas sahi page pe khol di ho.

Ishaan sabko jaane ko kehta hai. Phir khud singularity sphere ke center mein baith jaata hai, ek thakaan bhari lekin sukoon bhari shaant mudra mein.

Uske peeche Bhuvan aata hai. Uske bagal mein baith jaata hai.

"Itni der kyun laga di aane mein?" Bhuvan ne poochha, awaaz mein halka sa dukh.

"Main toh hamesha saath tha," Ishaan ne kaha. "Aapko kya lagta hai — wo humare universe ko kyun nahi mitaa paa raha tha? Jo hua wo hona zaroori tha. That was destiny."

Bhuvan ne apni pocket se locket nikaala — wahi jo Mikhail ka tha, ab khaali. Ek sarcastic si muskaan ke saath usne kaha, "Destiny."

Ishaan ne apni pocket se Avika ka bracelet nikaala, jo usne kabhi sambhal ke rakha tha. "Haan destiny."

Dono ne ek doosre ko dekha. Kuch keh nahi paaye.

Phir gale mile — kaskar, jaise saalon ki thakaan, saara dard, sab ek pal mein bahar nikal raha ho.

Saare log apne apne universe wapas gaye — Jaayu, Godcode, Nebulian Commander, sab, ek ek karke portals se guzarte hue, apni apni duniya mein.

Ishaan ne kaha, "Mere paas itni powers aa gayi hain ki main ab aap logon ke saath nahi reh paunga. Bahut khatra hai. Par main hamesha aapke saath rahunga."

Aur itna kehke — usne unn sabko main universe mein teleport kar diya.

Om, Bhuvan, Gauri, sab seedha Kenji ke paas pahunche.

Kenji bistar par thae, kamzor, par aankhon mein sukoon tha.

Kenji ne Om ko bulaya, uska haath apne haath mein liya.

"Tumne apna wada poora kiya," usne dheeme se kaha. "Mera ashirwaad hamesha rahega tumhare saath."

Itna kehke — unka haath dheela pad gaya. Unki saansein ruk gayi.

Kamra khamosh ho gaya. Sirf Gauri ki dabi hui sisakiyan, Om ka sar jhuka hua, Bhuvan ki aankhon mein aansu.

Kenji ki aatma dheere se uthti hai, roshni mein badalti hui, upar ki taraf — heaven mein.

Wahan wo milte hain — Anjali, Avika, aur Mikhail. Sab muskurate hue, ek doosre ko dekhte hue, jaise saalon baad koi ghar wapas aaya ho.

Waqt aage badhta hai.

Om aur Gauri ka ek beta hota hai. Uska naam rakha jaata hai — Vinayak.

Chhoti Avika bhi dheere dheere samajh jaati hai ki Mikhail sach mein kabhi wapas nahi aayegi — par uski yaadein hamesha uske saath rahengi, uss painting ki tarah jo Bhuvan ki jacket mein hamesha rehti hai.

Bhuvan ISRO wapas join kar leta hai — apne kaam mein wapas, apni zindagi mein wapas, par ab ek nayi samajh ke saath.

Aur kahin, kisi aasman mein, poore multiverse ki nigraani karta — Ishaan. Akela, par sabke kareeb. Hamesha.
